Motion International appoints Silvano Trezzini As Managing Director of the Italian Division of the corporation

MINNEAPOLIS, MN, September 2007 - **Motion International** is pleased to announce that **Silvano Trezzini** has been appointed **Managing Director** of the *Italian division of the corporation*.

Julie Johnson, President of Motion International commented on the recent announcement "This well-deserved promotion reflects his incredible drive and dedication to our business".

Silvano Trezzini, a 3 year veteran with Motion International will have Financial, Operational, Administrative and Legal authority for Italy and Europe with dotted line responsibilities for the Practice, Sales and Recruiting.

Mr. Trezzini joined Motion International in 2004 to lead the corporate Marketing Department globally for the organization. His vision and strategy has led to a broadened customer base, and increased presence in the Oracle market space. Prior to joining Motion International, Mr. Trezzini has extensive experience in marketing and professional services industry through his experience at several notable competitive consulting organizations.

"Silvano has gained the full trust of Executive Leadership at Motion" declared Julie Johnson, Motion International President. "We believe Silvano is the right person to continue the growth of our European presence and we are excited to welcome him to the Board of Directors in Italy and Europe".

Founded in 1997, **Motion International** is a leading international professional service consulting firm committed exclusively to the delivery of successful, high quality and efficient Oracle Applications projects. Motion International is one of very few firms with the capability to offer high-caliber multinational Oracle expertise worldwide, headquartered in Minneapolis, MN, USA, Motion has offices in five countries and has delivered Oracle projects on five continents. In 2006, Motion International acquired Oraplus / Equilybra, an Oracle consultancy with offices in Italy, England

and France. Motion International's key differentiators include proprietary best practices, tools and methodologies which we utilize to decrease implementation costs and timelines (by up to 70%) ensuring efficient and successful delivery on each engagement. In addition to traditional on-site consulting engagements Motion International offer's Remote Applications Management which reduces the burden and cost of Oracle Application management.
